Marks					

- Add up the scores for each of the Categories to provide the **Total Pitch Score** and place a score out of a maximum of 20 in the right hand box.
- In the event of a 'spinner' not bowling in the match it is not possible to accurately score 'Category – Turn'. Therefore, at the discretion of the umpire a mark of either 3 or 4 should be awarded to enable the calculation of the Total Pitch Score. This discretion can be applied on the basis of all other pitch characteristics an umpire has seen on the day.

Abandoned or suspended matches

- If the match does not take place it shall NOT form part of the Total Pitch Score for the season.
- A minimum of 50% of the initially scheduled overs at the start of a days play must be bowled to be used in Total Pitch Score for the season.

In an ECB Premier Division the club should aim to achieve a minimum Total Pitch score of 14 for each match with no pitch receiving any score lower than a 3 in any column.

In the event of an umpiring marking below 3 the League Facilities' executive or equivalent should investigate the circumstances and act accordingly.

- Any variation in performance should be as a result of the quality of the pitch only.
